Our campuses

Our Milan campus is located on hallowed turf. Developed around the original site of a monastery, our Milan campus is in the very heart of the city. Home to over 27,000 students, our Doric and Ionic cloisters provide a haven of peace and grace within a city which offers an abundance of food, history, heritage and choice.

Milan is Italy’s commercial heart. Yet the city itself is a place of Cathedrals and Basilicas, galleries and museums, fortresses and canals, shops and restaurants, parklands and streetscapes.

Then we have our beautiful campus in Piacenza, in which we also include a small facility in nearby Cremona. Piacenza is located in the culinary heartland of Italy, a medieval town which is surrounded by the enchanting Italian countryside. Piacenza is quintessential Italy. Charming. Beautiful. Historic. And unrivalled.

Our Rome campus is home to our School of Medicine and Surgery, plus the campus is proud to host our School of Economics.

The School of Medicine and Surgery is affiliated with the Policlinico Gemelli University Hospital meaning that all health students, across all fields, have access to a world-class hospital just a walk from our doorstep. Located just a few minutes from the center of Rome, our 6,500 students benefit from access to internationally acclaimed experts in their field, including a truly impressive 43 Faculty members listed among the top Italian Scientists.

In choosing Cattolica, you will become part of a community of 40,000 students, students and scholars who attend one of our 12 schools and who access a library which contains over two million volumes.

Our alumni and academic community is without peer, with numerous world-leading researchers, scholars and academics.

Our industry and employer networks are truly remarkable, meaning that we can offer 7,500 internships per year.

We can boast an international community of more than 3,400 students from over one hundred countries.

The formal definition of study abroad and exchange is one semester or one year spent in another country, where participation in the program can contribute credits towards the home institution degree.

However, study abroad and exchange experiences offer much more.

**STUDY IN ENGLISH & ITALIAN**

Students can choose to create their own semester of study by selecting courses from either of the two curricula.
